July 2012

ALOHA

Aloha Kākou,

My name is **Jarret Kealoha Delos Santos**.. also known as Kumu Kealoha. I am the youngest son of Cecilia Moiha Delos Santos. As we move to the future, we have started to see our kūpuna leave this world. All of their wisdom, teachings, and stories are becoming our responsibility to keep alive and pass on to the next generation. The recent passing of Rachel brought together family and friends as funerals are known to do. I used the opportunity to gather information to create the foundation of a family quarterly newsletter. The newsletter will help keep all of us in touch with one another and informed of family news. It will also help preserve our collective information on family history, photos, and stories. In addition, it makes the planning of future family events, such as reunions, possible.

GETTING STARTED.....I need everyone's contact information and email addresses to build the family directory. It would also be helpful if someone within each family takes on the role off family historian. This person can help gather contact information, stories, photos for archive, etc., within each family unit. You get the idea. If this is going to work and be a success, I need your help.

As with anything new, this newsletter will be an ongoing work in progress. With kōkua from each family, it can become a creative and useful tool to keep the 'ohana close going into the future.

Warm mahalo ~ Jarret

HISTORICAL PRESERVATION ~ Exchange of Information

A way of preserving is by sharing. It is the way of "backing up information". I am interested in preserving information in the categories below. Eventually, the creation of a web site to allow family to store and retrieve information can be created.

Stories - Take the time to write it down and send it to me. Emailing makes this type of reporting easy. If your story is about family, we want to hear about it. Old stories of our kūpuna, current stories of what is going on in your family life now. Babies, retirements, birthdays, awards, marriages. are all of interest to the 'ohana.

Pictures- Pictures are a great way to preserve our past. Please send me any photos you would like to share and preserve. Make sure you tell me who it is and any story that may come with the picture. Any and all information helps. We plan to share them in the quarterly newsletter. Send me those photos!

Land - There are a lot of questions about the family lands. Over the years, I have collected a variety of land document about Kipahulu, Waikalua, and other potential family lands. I have sent copies of what I have to several family members over the years. Let me know if you are interested in reviewing the documents.

SEND ME YOUR CONTACT INFORMATION

Return to Kipahulu

The day following Lahela's funeral, the family decided to travel to Hāna and Kipahulu. It was an awesome day with family. Check out our home movies on You Tube!
