October/2013

Aloha 'Ohana,

We have been working on creating a place where family can go to access information about our 'ohana and also preserve our family history. Eric has created a private family website page that is hidden from the general public. The page sits behind our 808Ukejams 'ukulele website and information on this private page is password protected.

To preserve and protect every ones privacy, please only share the password with 'ohana and refrain from re-posting content on social media sites, like Facebook. Your thoughts, feedback, and ESPECIALLY your contribution of content is most welcome and appreciated.

This is work in progress, so new information will be added as we receive material and post it.

We both feel the importance of the work at hand. We are witness to the passing of generations. and working together, we can preserve and make our family bonds strong as we move to the future.

Warm mahalo,
